## History and "Institutional Introduction".

Dinajpur is an underdeveloped district in the northern part of Bangladesh. It is underdeveloped because we have not been able to make an overall contribution to the development of this region even though many of our children have made a significant contribution towards the development of our national life. However, our children are still lagging behind others in terms of the number of government cadre and non-cadre posts they are securing under the Public Service Commission. The main reason behind their failure is that we have not been able to spread proper and practical education, and the knowledge of history and geography. Our children are very weak in English and they do not model themselves on the learned personalities home or abroad.

In the Anglo-Pakistan Period, and even a decade after the independence of Bangladesh, we were very proud of our paternal properties and assets; but unfortunately, we are almost destitute now because of our properties and assets being distributed and redistributed generation after generation. Under these circumstances, we do not want to lag behind others any more. But we will certainly not be able to face the challenges of 21<sup>st</sup> century and advance forward unless we enlighten ourselves with the light of a proper, practical and time fitting education.

This institution was initially established in 2010 in a rented house in Balubari, Dinajpur Sadar under the name "Dinajpur Laboratory School and College, English Version" and later in 2023, the institution was divided into two names, one is "Dinajpur Laboratory School, English Version and another one is Dinajpur Laboratory College, English Version" for management, approval and acceptability. Later in the year 2023, the school committee and the educationist donated .75 acres of land for the school and 1.00 acres for the college at the following address - the school received permission from the Secondary and Higher Secondary Education Board, Dinajpur to provide classes at the secondary level from 01/01/2023 and the college from 28/05/2024. Although, the educational activities of the institution are currently ongoing temporarily in a rented house in Mid- Balubari, Dinajpur Sadar Dinajpur but permanent infrastructure is being constructed on the donated land at the following address.

Village/Road – RAMJIBANPUR  
 Post office – MUJAHIDPUR
